**RE: Northern Adams County  
Network Improvement  
Project**

Dear Neighbor:

ATC is a Wisconsin-based, regulated utility that moves energy along the electric power grid in parts of Wisconsin, Michigan, Minnesota and Illinois. We plan to apply to the Public Service Commission of Wisconsin to:

- Build a new, approximately 4.2-mile, 69,000-volt power line extension to the existing 69-kV Y-302 power line that will run from the Adams-Columbia Electric Cooperative's Cottonville Substation to a new, proposed ACEC Colburn Substation with a preliminary location near the intersection of Bighorn Avenue and 7th Avenue in the town of Big Flats.
- Build a new, approximately 5.1-mile, 69-kV power line extension to the existing 69-kV Y-302 power line that will run from State Highway 13 to the existing ACEC Badger West Substation. The new power line extension will be built in the towns of Big Flats, Monroe and Rome.

This ATC project will serve the new, proposed ACEC Colburn Substation and improve network reliability to three existing ACEC substations.

**Our records indicate that the proposed project is on or near property you own** (*see attached map on back*).

This project is needed to reliably serve load growth in Adams County and improve reliability of existing substations in the area.

The PSCW is the regulatory agency with the authority to approve or deny the project. We anticipate filing a Certificate of Authority application with the PSCW in the fall of 2024. After the application is filed, you may submit electronic or written comments to the PSCW (<https://psc.wi.gov>) under docket number 137-CE-213.

If approved, we expect project construction to begin in the spring of 2026. ATC and/or contractor staff may have been, and will continue to be, out in the utility corridor and project area to gather additional information prior to construction, conduct vegetation management work and related maintenance activities.

For more information, please visit [atc-projects.com/adamscountydic](http://atc-projects.com/adamscountydic). If you have questions or if you would like additional information, please contact me at (920) 338-6515 or [khendrickson@atcllc.com](mailto:khendrickson@atcllc.com).

Sincerely,

Kurt Hendrickson  
Local Relations Representative

Project**

TERRI HORACEK  
BIG FLATS TOWN CLERK  
1104 COUNTY ROAD C  
ARKDALE, WI 54613-9728

Dear Ms. Horacek,

The enclosed letter was mailed to landowners along the Northern Adams Network Improvement Project. As a local official, I thought you may be interested in the project.

If you have questions or concerns, please contact me at (920) 338-6515 or at [khendrickson@atcllc.com](mailto:khendrickson@atcllc.com).

Sincerely,

A handwritten signature in black ink that reads 'Kurt R. Hendrickson'.

Kurt Hendrickson  
Local Relations Representative
